

Environmentally Responsible Packaging

XL Brands is committed to leading the industry in environmental sustainability. In keeping with this commitment, XL Brands offers customers two options for environmentally-responsible packaging.

EkoBox

- Comprised of 100% recycled content and is 100% recyclable
- Each box saves 2 quarts of oil as compared to traditional plastic pails
- Helps keep more than 600 million plastic pails out of landfills each year
- Easily recycled on jobsites

EkoBucket

- Made with biodegradable resin
- Manufactured from 100% recycled content
- EkoBucket is biodegradeable within 1½+ years vs. 50+ years for a regular resin bucket
- Non-toxic – will not harm the environment
